VS

GARFIELD CAMPBELL 309-CR-000236-001

To The Honorable Judge Whitney,

My name is Garfield Campbell. I was sentenced in the Western District of NC to 120 months in the custody of the Federal Bureau of Prisons. I was released on January, 10, after successfully completing a significant number of programs throughout my incarceration. I have been on supervised release since my proclamation. I have had no issues with law enforcement, no problem maintaining my employment, no restitution or fines, as well as no violations.

Currently I maintain a stable residence and gainfully employed at Local 72 as a pipe welder, where my job descriptions include pipe fitting and welding. I currently uphold a good relationship with my previous and present Probation Officer, Ms. Thomas and Mr. Parker. I am writing you to ask if you will grant me early release from probation, as I can assure you that my 8 years incarcerated, 8 months in the halfwayhouse and 1 year of time spent on supervised release. All this has served to assist me in becoming the productive citizen that I am today. In addition, I have learned that I am unable to obtain Life Insurance while under federal supervision. Also, it is very difficult for me to obtain employment opportunities across America as a traveling welder with the Union. I've worked and trained very hard to accomplish all of the certifications attached to this letter. Also, I cannot obtain my real estate brokers license until 5 year after I have completed probation in the state of Georgia. There are too many restriction that are holding me back from reaching my greatest potential.

Under the authority provided them pursuant to 18U.S.C 3583 (e) (1), a United States District Court has discretionary power to terminate a term of

supervised release after the satisfactory completion of one (1) year. This authority applies to any term of supervised release, regardless of length.

WHEREFORE, petitioner prays this Honorable Court, pursuant to its discretionary authority under 18 U.S.C 3583 (e) (1), will terminate petitioner's term of supervised release.

I sincerely would like to thank you for your time and consideration in this regard.

Respectfully Submitted

Pro Se Petitioner
